OUR CORE SERVICES

Pre-Commissioning Services

- ✦ Chemical Cleaning
- ✦ Hot Oil flushing
- ✦ Degreasing Services
- ✦ Pickling & passivation
- ✦ High pressure testing – Oil, Hydro & Nitrogen
- ✦ Flange management
- ✦ Hydro/Retro jetting
- ✦ Nitrogen Purging and other related services
- ✦ Pigging services
- ✦ Video Camera & Boroscope inspection

Mechanical Services

- ✦ Boiler Chemical cleaning and repair services
- ✦ Cooler Chemical & Ultrasonic Cleaning and repair services
- ✦ Heat Exchanger Cleaning and repair services
- ✦ Oil filtration & Purification
- ✦ All kind Valve testing and overhauling services
- ✦ All kind of plate cooler services
- ✦ Engine and Pump repair services
- ✦ Cooling tower fan overhauling & Services

Hydraulic Services

- ✦ Tubing supply and Installation work
- ✦ Equipment function testing
- ✦ Install & service of entire valve control hydraulic system Onsite Repair services
- ✦ Service & repair of Winches, crane, power packs & cylinders
- ✦ High pressure power pack rental

Onshore & Offshore Repair Services

- ✦ Ship repair services in Anchorage and Drydocks
- ✦ Supply of Ridding Crews
- ✦ Accommodation Cleaning services
- ✦ Equipment Preservation services
- ✦ Pickling & Passivation of stainless Steel tanks

Cladding - Weld overlay Sale & Services

- ✦ Sales & Service of Welding Machines
- ✦ Welding Automation
- ✦ Repairs and Service of Industrial Equipment
- ✦ Sales of Welding Consumables & Accessories
- ✦ Calibration of Welding Equipment's
- ✦ Operation Maintenance

Electrical Instrumentation & Automation Services

- ✦ Instrumentation Services
- ✦ Fiber Optical Services
- ✦ Paneling
- ✦ E&I Maintenance & Services

IWW Group of Companies has been operating in the field of Marine, Oil & Gas as Engineering, Procurement and Construction company with a vast experience in various kinds of works which we hold as our best services. We are ISO 9001, 14001 & OHSAS 18001 certified Company We have never compromised on the quality and the services provided to the customer. We believe in keeping the customers happy and providing them with service at a very competent price. The team of IWW Groups are the best in their united way and we promise to provide timely service to our esteemed clients.

COMPANY POLICY

Ethics | Innovation | Passion | Quality & Care
Customer Satisfaction | Trust

Our Mission is to have a well-planned strategy to meet customer requirement with high quality Performance, Cost Effective and Time Efficient. And to become one of the leading Energy Services Company.

OUR MISSION

OUR VISION

Our Vision is to make our Group of companies to be globalised in different fields and to deliver better standards for human life with environment friendly policies.

OUR CERTIFICATE

**WE ARE
PROUD TO SAY
OUR CONJOINTYARD
FACILITIES
THAT WE HAVE**

- Fabrication Shop
- Piping Workshop
- Steel Workshop
- Machine Shop,
- Blasting and Painting Shop
- Open Fabrication area
- 2 Main Stores with Equipment and
- Open Storage area
- CRA Weld Overlay Facility

IWW GROUP OF COMPANIES

Our wide range of equipment facilities which are respectively calibrated which includes Pre- Commissioning, Piping & Steel Structure Fabrication, Weld Clad Overlay Machining, Blasting & Painting, We also do specialized machines includes Hydrotest Stations and Pipe Internal Grinding Machines, and NDT stations

HYDROTESTING

IWW is well equipped to perform hydrostatic pressure testing and provides a method for finding leaks or verifying performance and durability in pressure vessels, pipes etc.

Chemical & Water Flushing

We provide turn-key industrial chemical cleaning for total industrial and environmental solutions including boilers, heat exchangers, process tanks and vessels, piping systems, metal surface treatment technologies and much more.

Hot Oil Flushing

With our own equipment and the know-how to perform on-sight oil flushing and oil reclamation method we provide a solution to the variegated demand of Oil Flushing Services in the market.

Video Inspection

We are Specialised In Inspection Service Using Many Methods Like Boroscope, CCTV, Crawler Etc..

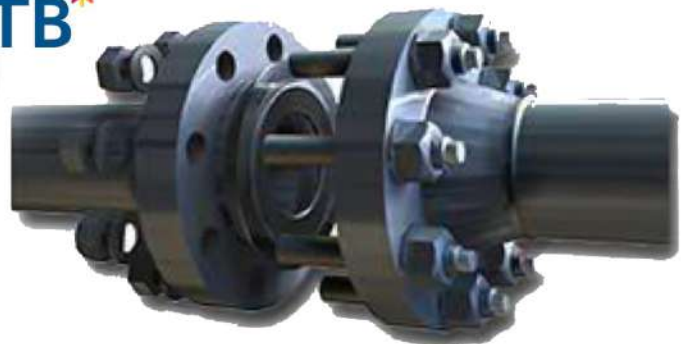

Flange Management Services

IWW provides a total solution for all of your bolting requirements, including torquing, tensioning, stress analysis, flange management, and more by utilising the latest technology to ensure that highest services are provided.

We can provide ECITB trained Bolting technician and engineers and We can provide ECITB certification training

EC
ITB

Hydro-Jetting Retro-Jetting

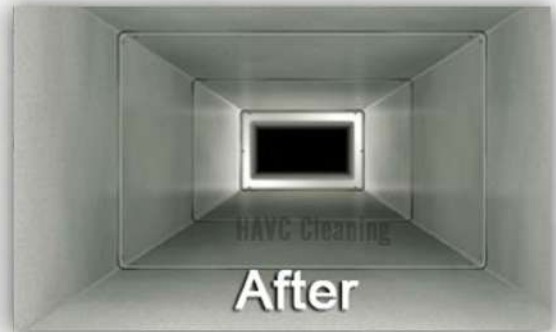

Hydro-jetting / Retro-jetting is a method to clear the blockage from the inside of pipes and we have a range of jetting equipment at various operating pressures along and a expert technicians to operate it.

Pickling & Passivation

IWW provides chemically clean, pickle, passivate and electro polish stainless steels, high nickel and titanium alloys pipe spools and pressure vessels.

HAVC Cleaning

At Better Air we take pride in providing Quality HVAC Air Duct Cleaning services for your home and office. Our certified and trained professionals provide HVAC Air Duct cleaning services that meet and exceed what is required by the National Air Duct Cleaning Association (NADCA). With certified badges such as Air Systems Cleaning Specialists (ASCS) you can rest assured that Better Air professionals can restore your HVAC system back to its peak efficiency, leaving the air in your home and/or business clean, fresh and healthy.

Pigging

Our Company provides pipeline pigging services for a variety of applications in wide range of industries. We serve the refining, petrochemical, oil & gas transmission and municipal markets to dry and clean piping systems removing contaminants such as water, water scale, crude, sludge, sediment while also cleaning for cargo changes and inspection by designing application specific procedures to utilize various chemicals

VACUUM DRYING

Our Company provides pipeline Vacuum Drying services for a variety of applications in wide range of industries

Vertical Cladding Rigs (VCR)

Horizontal Cladding Rigs TIG Hot wire CNC Cladding Machine For Small Bore

Ship Repair & Maintenance

With our valuable excellent service and experience you will be satisfied the best advice and competitive quotation will be provided. We are specialize in Shore/Afloat services like..

Main engine Work

Tank Cleaning

Riding Crew

Winch Overhauling

Crane Service Manpower

Supply Valve & Pump Overhauling

Hull Repair & Etc..

Propeller Services

PV Valve Services

Safety Valve Services

**Refurbishment | System Upgradation
Control system Modification | Trouble shooting
Load Testing | LTMS Calibration Installation**

**Custom design for LTMS
Custom design HPU
Custom design Cylinders
Custom design for hydraulic presses**

**Crane & Winch condition check
Winch Motor Performance check
HPU Pump Performance Check
Control System inspection**

**Rental of Hydraulic Power units
Rental of Hydraulic Winches
Rental Water Bag with reference load cell
Machining - Fabrication - Riding crew for
marine & Offshore Spares supply**

RENTAL & MANPOWER SUPPLY SERVICES

Transformer Oil Flusing Services

E & I Services

Machining Works

Torque Wrenches

Hydraulic Power Packs

Flushing Pump

Hydraulic Power Packs

Test Pump

Bolting and Tensioning Tools

WELDING EQUIPMENTS SALES & SERVICES

14

We have a well resource and library of equipment's for production, Fabrication which includes, welding machines with rectifiers, argon welding machines, Grinders of different spec, electrode holders, electrode ovens, pipe cutting machine, Cutting torch , heating torch, chain blocks, lever blocks and webbing slings of different spec. gouging torch Threading machines, drilling machines and CNC Lathe machines.

- ✘ DC Arc Welding Inverters
- ✘ Welding Automation Machines
- ✘ Orbital Welding Equipments
- ✘ CNC Cutting
- ✘ Welding Consumables
- ✘ Welding Accessories
- ✘ Special Fastening System
- ✘ Power Tool Accessories
- ✘ Professional Piping Tools
- ✘ Calibration of Arc Welding Equipment
- ✘ Repair & Service in Industrial Equipments

CRA Weldoverlay Cladding Services

Supply of Metallurgical weld overlay clad products with mechanical characteristics of carbon steel and corrosion properties of CRA for both onshore and offshore applications. Our range of products and services include, but not limited to:

WELD OVERLAY CLADDING | INSPECTION & TESTING
EXTERNAL COATINGS | CUSTOMIZED VCR PRODUCTION
HYDROTEST STATION SUPPLY (FOR OPEN END PIPE SPOOL)

Welding sales and services

Product Range & Capabilities

Pipes, Fittings, Valve Bodies, Risers, Flanges, LR Bends, Well Heads, External for Risers, Pressure Vessel - Shell, Nozzle, Dished Ends and Other similar geometrical shapes.

Pipes - 2" and above **Fittings** - 3" and above
Flanges - 2" and above **Elbows** - 4" and above

Nickel and Ni- Alloy Grade : Inconel 625, INCOloy 825, Monel 400 **Stainless Steel Grade :** SS 316L, 317L, 309LMo, 308L, 904L, AISI 410, **DUPLEX SS GRADE :** ER2209, ER2594, **Hard facing overlay Grade :** Sterlite, C-Cr-Mo Alloy (T Fe15, T Fe10), Cu-Ni Any other weldable alloy upon request

Steel & Pipe Fabrication and Installation works

@ Onshore & Offshore

We have the capability to manufacture and install large and complex, low and high-pressure fabricated piping systems using both standard and exotic materials. We can support projects with pipework requirements of up to 50,000 metres.

Our repair services range from regular maintenance to hull repair, propeller and propeller shaft repair, dry docking, stern gear, steering gear and pipeline repair.

We undertake new buildings ,repairs and overhauling of Mini Bulk Carriers, Barges, Passenger vessels, and Pilot Launches as well. We offer comprehensive repair services including jumboising, refurbishment, modernization, upgradation and rebuilding. Our team performs top-side and voyage repairs round the clock. We pride ourselves on providing quality services with minimal downtime,competitive pricing and the finest workmanship.

Our specialist team is comprised of naval architects, highly skilled welders, structural fitters, electricians, pipe fitters, engineers, carpenters, riggers and ship repair management teams. Our team performs top-side and voyage repairs round the clock.

CONSTRUCTION SERVICES

We have a well qualified engineers and skilled team in the construction field with massive experience and wide range of equipment for various construction services like Architectural Designing, Various Analysis, Estimating & Costing, Interior Designs, Pre- casting & Installation, Survey and Investigation etc.,
